Hello, honors students.

A quick summary of upcoming deadlines/important dates:

April 21 – Trivia Night at Jefferson's Cartersville
April 23 – Honors Information Session
May 2 – Honors Training Session
May 6 – Farewell to the Semester, Dinner and a Movie

* * * * *

And more details about each...

April 21 – 6:30 – 9:30 – Trivia Night at Jefferson's – Our Trivia Night at Jefferson's in Cartersville has been rescheduled as a joint event with URIT. There will be carpool from the campus for those of you interested in attending. Come join your fellow honors students for a fun night of dinner and trivia.

Please RSVP here: <http://ghchonors.weebly.com/upcoming-events.html>

April 23 – 6:00 – 7:00 – Honors Information Session – I will be hosting an information session in Cartersville. Please invite students you think would be a good fit for the program. I would also love to have 2-3 current honors students to come and talk about their experience with prospective students.

Let me know if you are interested in helping.

May 2 – 11:00 – 1:00 – We will be hosting a training session for Honors faculty. If you are interested in serving on a roundtable forum from 12-12:30, let me know. This is a great opportunity to let faculty know what you are looking for in an honors class.

Lunch will be served.

May 6 – 6:30 – 9:30 – We will be having our traditional "Farwell to the Semester" dinner and a movie. You can vote for a movie and RSVP here: <http://ghchonors.weebly.com/upcoming-events.html>

A have a new honors website in the works that gives lots of information. It will take a while to develop it all, but I would love for you all to take a look and provide feedback about what you would like to see on this site:

www.ghchonors.weebly.com

We will be using this and various forms on social media next year to keep up with events, so I would love your input.

* * * * *

Columbus State University's Honors Program is organizing a fairly affordable Earth & Space Sciences study trip that tours geological areas of interest, including Niagara Falls, Great Lakes, and Smoky Mountains. The field trip fee is \$875 in addition to tuition and fees. Students may choose to take honors versions of introductory geology, astronomy, and communications. In the past, students from other USG institutions have joined him, and they are opening it to any of our interested students. Transportation is by van, and accommodations are at camp sites.

Let me know if you are interested in participating. The deadline is May 12th.

Have a great week, and, as always, let me know if there is anything I can do to help you in your honors path.
